

THAW TRIAL WAS RESUMED ON MONDAY

WITH DELMAS TAKING THE LEADING
IN THE DEFENSE.

EXPERT EVANS RECALLED

Juror Bolton True to His Belief in
Civic Duty Took His Regular
Place on the Jury.

New York, Feb. 18.—Saturday night there was a strong probability that Thaw would make another change in his attorneys. As a result of several conferences however, it was announced today that there would be no change. Delmas will continue to conduct the examination of witnesses and Gleason, Hartridge and O'Reilly will assist in preparing the case. Lawyer McPike has been told that he will have no official connection with the case. He will merely appear as a private assistant to Delmas. The charge against McPike is that he talked too much.

The only explanation obtainable about the continued rows among the attorneys for the defense is that Mrs. Thaw senior and the other women most interested in Thaw's fate are demanding more of the lawyers than they can give. Every time there is a set-back to the defense there is a council of alarmed women who naturally fear that something has been left undone that might have been done. When their attorneys are questioned along this line they usually develop a certain amount of hard feelings. It is also an open secret that the attorneys have not failed to reproach each other for similar failures. Another element of difficulty is that the Thaw family are demanding a complete acquittal in spite of the fact that some of the best legal opinion holds that a committal to Mat-tewan is the most that should be attempted. The efforts of the defense to prove that Thaw was insane when he killed White but to intimate that he is insane now without any positive evidence to this effect, makes constant difficulty.

MONDAY'S SESSION.

With the exciting developments of the last few days, the suspension of the trial, the quarrel between the attorneys for the defense and the reported findings of new evidence which District Attorney Jerome has prepared to spring at the proper moment, even more than usual interest was manifested in the Thaw case today. There was an unprecedented demand for admission to the court room but none except those having business in the trial room got by the guards.

Th word was passed around early that Juror Bolton would be at the court house ready to resume his part in the trial, and the cloud of mistrial which has hung over the proceedings was dissipated.

Juror Bolton was a sad looking man as he took his place. He faced the ordeal before him bravely, however.

Thaw entered the court room today with a slower step than usual for him. He carried his overcoat over his arm and dropped into his seat, looking around, then devoted himself to his mail.

JEROME HAS OTHER WITNESSES.

The district attorney has been examining a number of new witnesses, whose names were privately given him during Evelyn's testimony.

It is claimed that he has discovered some important discrepancies which he will use to undermine the case for the defense.

Frank Hobbs, a night clerk at the Waldorf-Astoria, is said to be one of these witnesses. Two clubmen and a banker are others. A dark hint is thrown out that one important link in the chain of evidence is likely to be upset by a case of mistaken identity. What this involves no one will tell, but it is said that both sides attach considerable importance to the matter.

JEROME DEMANDS "NOTES."

Mr. Delmas asked Dr. Evans if he had made any memoranda of his conversation with Thaw, or of Thaw's answers in reply.

"I did not," answered the expert. Dr. Evans explained that his notes were taken during his first three visits. Dr. Evans testified that on those three visits Thaw was without doubt insane, but he noticed improvement in his condition afterward.

On some of the visits he had made notes but had been unable to secure them from his stenographer.

On another visit he took with him Dr. Christopher Belings, an assistant with the intention of having him take notes in detail of the conversation.

"Thaw dismissed the doctor and

the attorney," said Dr. Evans, "and that ended taking notes."

In view of the meager character of his notes, Dr. Evans said he would have to rely on his memory.

"I may omit some essential point," he unguardedly said.

Jerome was up in an instant with another demand for the notes, since Dr. Evans admitted he might make such omission, but after a wrangle he was overruled.

DR. EVANS RECALLED.

Dr. Britton D. Evans, who was on the stand when the trial came to its sensational suspension of Thursday last, was recalled as the first witness. Mr. Delmas started the direct examination of the witness. He repeated the last question asked Dr. Evans and asked him to repeat the conversation he had had with Harry Thaw on August 4 last.

Jerome was on his feet at once, objecting. He said the doctor should not attempt to repeat such important testimony from memory and that if there was any record made, the record should be introduced. After considerable of the customary sort of legal wrangling the court overruled the objection and Judge Delmas repeated his question.

DELMAS CHARGES HIS COLLEAGUES

With Trying to Embarrass Him at
Every Point and Hints at Bleed-
ing of Rich Clients.

New York, Feb. 18.—Through the intercession of Mrs. William Thaw, the mother of Harry K. Thaw, the dis-sension between the counsel which threatened the disruption of the forces of the defense has ceased, and Delmas will continue as the principal in the examination of witnesses, and when the evidence is all in will make the closing plea for the defense. It was added that Mr. Delmas' law partner, Henry T. McPike, would not figure actively in the future court proceedings.

The trouble, according to a story current, arose over the publication of an alleged interview with Attorney McPike, partner of Mr. Delmas, in which Mr. McPike was quoted as criticizing District Attorney Jerome. Messrs. Hartridge, O'Reilly, Gleason and Peabody, also counsel for Thaw, are said to have seriously taken Mr. McPike to task for the remarks credited to him, and Mr. McPike vigorously denied the alleged interview. In this denial he is said to have been supported by his partner, Mr. Delmas. There was a five-hour conference later of all the counsel for Thaw at Mr. Delmas' office, and at this meeting, it is said, Mr. Delmas took occasion to criticize severely the lack of support upon the part of his associates. He declared, it is said, that they had done everything to discredit him and to make him appear ridiculous, and that, although he had been nominally in charge of the case in court since the second day of the trial, he had in fact been nothing of the sort. As an illustration of this alleged desire to confuse him, he declared he knew nothing of Thaw's will and letters until they were handed to him as he was questioning a witness in court.

It is not likely the present situation in the Thaw case will result in a mistrial. It is said that Juror Joseph B. Bolton, whose wife died last week and was buried Saturday, has stated that he is willing and able to go on with the trial. So long as he is willing to state that his grief will not prevent his giving proper attention to the proceedings, there is no way in which he can be excused. Mr. Bolton is reported to have told Justice Fitzgerald that he considers his duties as a citizen to outweigh all personal considerations, and that he is willing to lay aside his grief and continue to serve the state so long as he is needed.

Aside from the routine expense of juror and witness fees, the Thaw trial is costing the state a sum almost equal to that which is being spent by the defendant's family in the attempt to prove the young man was insane when he shot Stanford White. District Attorney Jerome has employed for the state three of the most eminent alienists of the country, and their fees alone will make the costs rival in cost the famous Molineaux hearings, which consisted of a battle of experts almost from first to last.

"CHEAT"

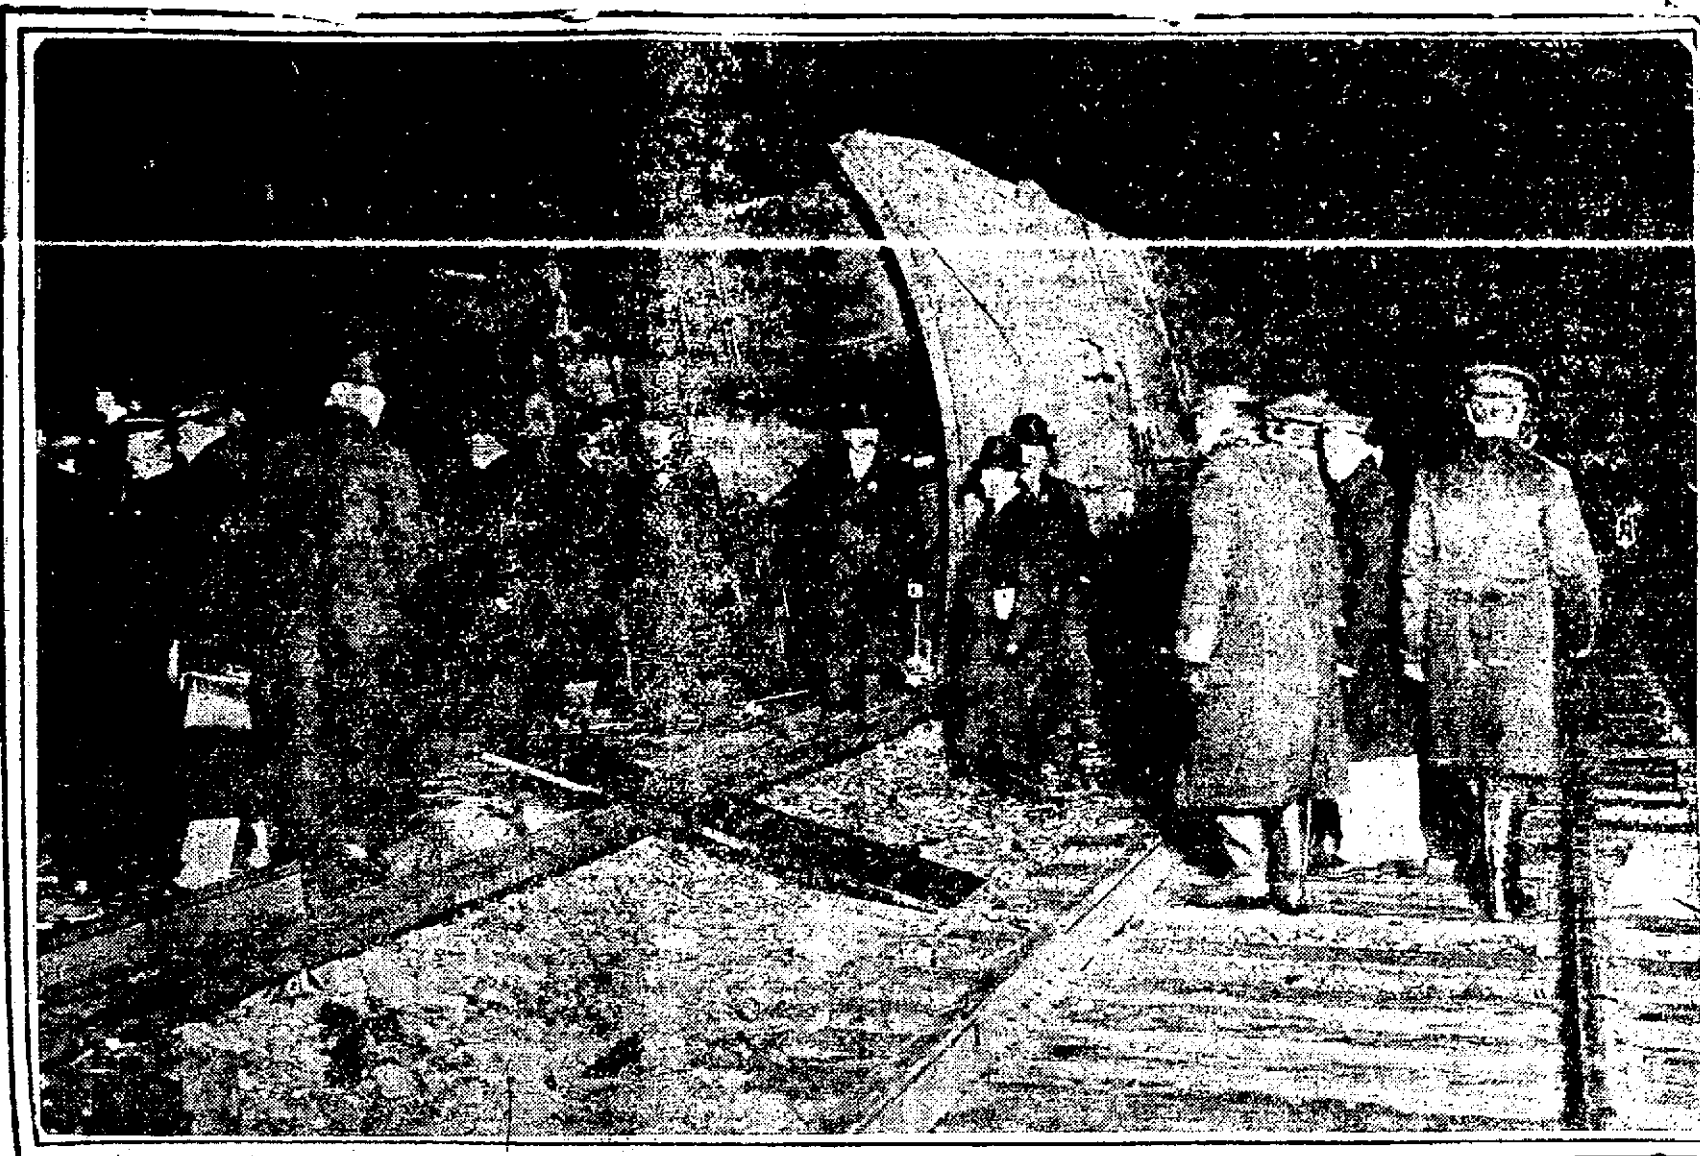

"Thief" and "Robber" the Terms
Used by Dr. Dixon About Society
Card Players.

Chicago, Feb. 18.—"Every society woman or man who plays cards for a prize is a cheat, a thief and a highway robber."

So said Dr. A. C. Dixon in a sermon delivered at Moody church, Chicago avenue and La Salle street, Sunday night.

"Society women tell us that they play cards for fun. But it is mighty

poor fun. If excitement may be called fun, if the reading of one's nerves may be called fun, if cheating may be called fun, then card playing is fun.

"Ninety per cent of the criminals who wallow in the dens of vice in Chicago and New York, who make their living by the dextrous use of a pack of cards, had their beginning in a Christian family. They are the children of people who are good Christians. And they had cards in their homes."

CHARGE MURDER AGAINST WOMAN

New York, Feb. 18.—Mrs. Lottie Wallou, wife of Leopold Wallou, a well-to-do importer of bronzes, was arraigned before Coroner Acritelli, charged with murder in the first degree in having caused the death of her mother, Mrs. Ida Binge, by use of poison. She is held without bail to await the inquest, which will open Wednesday. Mrs. Binge, a wealthy widow, who lived with her daughter and the latter's husband and 20-year-old son Alexander, died on Feb. 6, three weeks after she had undergone an operation for cancer. It was on the report of Drs. Withaus and De Gay, who had examined the kidneys and liver of Mrs. Binge, that they had found considerable quantities of bichloride of mercury present, that an information was drawn up.

Dr. J. Herman Feist, charged with the murder of Mrs. Rosa Mangrum at Nashville, Tenn., was found guilty of murder in the first degree. The verdict carries with it the death penalty.

President Roosevelt announced that he would not be able to accept the invitation to visit the negro industrial and agricultural fair at Columbus in June.

RABBI DENOUNCED THE MILITARY IDEA

In an Address to 2000 Woman Suffragists Given at Chicago on Sunday.

Chicago, Feb. 18.—Dr. EDWIN C. Hirsch, a prominent Jewish rabbi of Chicago, addressing an audience of 2,000 women and a few men at a mass meeting under the auspices of the National American Woman Suffrage association here, scored the tendency which he declared prevails both in this country and abroad to make a fetish of the soldier and to glorify the battleships and other agencies designed specifically for the destruction of human lives. "The military idea," he asserted, "which among the earliest civilized nations caused war gods and warriors to be so absorbingly worshiped that female children, because of the unfitness of the sex for war service, were destroyed at birth, is the reason why today man has not granted and refuses to grant to woman the right to vote on matters of public policy."

ROOSEVELT WILL FIGHT MONOPOLY UNTIL HE DIES

New York, Feb. 18.—The Washington correspondent of the Times today outlines the probable future course of President Roosevelt in fighting for "economic reforms" intimating that the President will devote the rest of his life to this battle.

The President, it is pointed out, is waiting to begin his next struggle

against the forces of monopoly, until "the long session of congress, realizing that nothing could be accomplished at the short session, which ends in March. Demand for an inquiry regarding the valuation and cost of railroad operation as a basis for rate of regulation is described as the next fight the President will begin.

Politics, the correspondent thinks, is President Roosevelt's natural field. To the end of his life he will continue the fight for reforms until he dies. He hints the President may become a candidate again in 1912, although he has insisted he would not seek re-election in 1908, meantime trying to secure a seat in the Senate.

UNION MINERS ARE DISCHARGED IN ARIZONA

Bisbee, Ariz., Feb. 18.—Since last Tuesday 1,100 miners have been discharged by the big mining companies of the Warren district. Although no official announcement has been made as to the cause, it is generally understood that the discharge of the men is due directly to the advent of organizers of the Western Federation of Miners in the district and their announcement that they are here for the purpose of unionizing the camp. It is the general expectation that before the close of this week all the mines in the district will be closed down. Warren district has always been an open camp, union and nonunion miners alike finding employment here. The mining companies are determined to continue these conditions instead of having the camp unionized by the Western Federation.

KELSEY DECLINES TO RESIGN OFFICE

And Gov. Hughes May Ask For His
Removal in a Special Message to
the Legislature.

Albany, N. Y., Feb. 18.—Otto Kelsey, superintendent of insurance for the state of New York, in a letter to Governor Hughes has declined to accede to the governor's request that he resign his office, to which he was appointed in May of last year by Governor Higgins. Governor Hughes declined to indicate what would be his next step in the matter. That Governor Hughes will send to the senate on Tuesday morning a special message recommending the removal from office of Kelsey is now expected. The attitude of the senate toward the governor's expected recommendation is the subject of much conjecture and is wholly problematical. The chief feature of uncertainty lies in the question of the attitude of the 19 Democratic senators. A conflict between the senate and the executive would be fraught with far-reaching legislative and political consequences.

CONFERENCE REPORT ADOPTED BY SENATE

Washington, Feb. 18.—The administration plan to settle the California Japanese situation was approved by the senate in the adoption of the conference report on the immigration bill. This report contains a provision which authorizes the president to exclude Japanese laborers from the United States at his discretion. This report now will go to the house for its approval, which it has been stated is assured.

Attitude of Japanese.
Tokyo, Feb. 18.—No official step has yet been taken looking to a settlement of the California situation in accordance with the agreement reached between President Roosevelt and the San Francisco authorities, but should it be effected on that basis the government must be prepared for violent attacks. The authorities are assuming a calm and resolute attitude, however, and it is believed that a settlement on that line is not entirely hopeless.

ALL SECURITIES WERE RECOVERED

New York, Feb. 18.—Practically all the securities taken by William F. Walker, former treasurer of the New Britain Savings bank, have been recovered according to a statement in Wall Street today. It was also said that the absconding treasurer disposed of \$200,000 of securities before he departed. Brokers who hold the securities are keeping the fact hidden with a view to making good bargains out of them. It is expected that most of the securities will soon be back in the New Britain bank vaults.

Woman's suffrage convention decided that at least \$100,000 shall be raised for a memorial to Susan B. Anthony.

TO PLACE BLAME FOR THE WRECK ON N. Y. CENTRAL

OFFICIALS MAKING AN INVESTIGATION OF CAUSE OF THE
AWFUL DISASTER.

IN WHICH A SCORE DIED

Motorman Admits Before the Coroner That He Was Running at
Top Speed.

New York, Feb. 18.—The prosecution on charges of manslaughter of several high officials of the New York Central railroad is regarded as the probable consequence of the Bedford Park wreck of the Brewster express on the Harlem division of the road Saturday night resulting in the death of twenty-two and injury of 150 passengers. Developments at the coroner's inquest this afternoon will definitely determine whether prosecutions are to be expected.

Assistant District Attorney Smyth is inclined to place the blame directly on the railroad officials. He believes the disaster was due to the fact that the road bed and tracks were too weak to stand the strain of the Peavey electric motors at the high rate of speed at which they were driven.

The list of dead will probably be lengthened today. Three of the victims are said to be fatally injured, while six others have only a fighting chance for their lives.

The railroad company's investigation has revealed a break in one of the front wheels of the motor and in one of the rails.

Many survivors lay the blame on the excessive speed at which the train was running, estimated by them at from 70 to 100 miles an hour. They say the company was trying to make a record run between the city and White Plains.

New York, Feb. 18.—With the clearing of the wreckage of the New York Central electric express train, which went over an embankment in the northern part of this city, interest turned to what the authorities might do. Perhaps the most significant statement of the day was the one made by Coroner Schwannacke. He had secured a statement from Motorman Rogers of the wrecked train. In this, according to the coroner, the motorman had made a statement that he was running on schedule time when the accident occurred, and admitted that the speed of his train was 70 miles an hour. Rogers, said the coroner, declares that he did not know anything was wrong until an eighth of a mile beyond the place of derailment. The coroner said: "It appears to me that a spreading of the rails caused the disaster. I think one of the motors hit a section of the track with force enough to cause it to jump off. The smoker followed and swung the cars following completely off the track, breaking the coupling. When the rear cars broke loose they ran wild for a distance and finally turned."

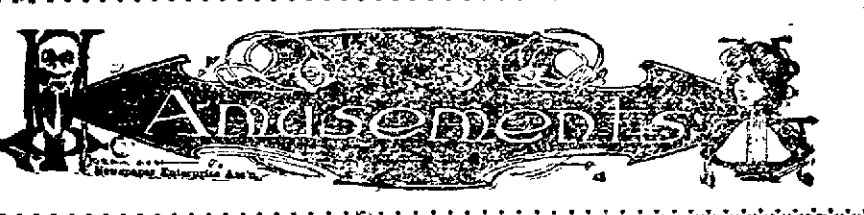

The cause of the wreck is still a matter of speculation. Inspector Flood of the police department, Coroner Schwannacke and Assistant District Attorney Smyth, together with other members of the district attorney's force, looked over the scene and sought to determine the cause of the derailment of the train. The result of their investigation may become known when the inquest is held by the coroner.

It was learned that the railroad company had detectives at work on a theory that wreckers had tampered with the track.

The casualty list included 22 dead, several fatally hurt and 145 more or less seriously injured.

When the wreck occurred the three rear coaches, completely filled with passengers, were thrown on their right side just above a sharp curve at Woodlawn road bridge. People were hurled violently from their seats and the most of those who were killed were pitched through the windows as the cars slid on their sides. The third rail held for a time, but finally broke with a flash and a roar seen and heard for a great distance. Between the wreck of the "current" rail and the main track, the bodies were wedged. They were held here as the cars passed along, and in this way were terribly mangled.

Mayer Schmitz's Note.
San Francisco, Feb. 18.—At a meeting of the executive committee of the Japanese and Korean Exclusion league, the following telegram from Mayor Schmitz, at Washington, was received: "Amendment to immigration bill is only forerunner of what is to follow. Can not make public details until later. Have not relinquished any of our rights. Agitation at this time may complicate satisfactory settlement."

HUMAN HEARTS.

Our brothers across the ocean are now clamoring for American made goods, both commercial and theatrical. It is not so many years ago that an American play or actor was at low ebb, and for that reason, American managers were compelled to import their melodramatic material from the other side. But times have changed of late, and during the last few years, any play that has borne an American trade mark has been accorded a hearty welcome on the other side. One of the most successful American plays that has been sent to England in recent years has been "Human Hearts." It is

the good fields in the days of '49, written and produced by Mr. Belasco. Its worth as a play is attested by the praise it has received from the critics of New York and the few other cities where it has been presented, and its phenomenal run in New York. Its action is stirring, its situations impressive and, taken as a whole, the effort is a goodly example of the capability of Mr. Belasco both as a playwright and a producer. Concerning its quality as a dramatic offering more than this need not be said.

AT GREAT SOUTHERN.

now meeting with great success at the Kennington theater in London. Such demand has been made for this piece that there has been, in addition to the London company, a special company organized to tour the provinces. Both of these companies are playing to capacity nightly. Mr. Nankeville also controls the rights for that country as well as this. At the Auditorium Monday night.

GIRL OF THE GOLDEN WEST.

Another Belasco triumph, "The Girl of the Golden West," will be the offering at the Auditorium Tuesday, February 19. The engagement of this play has been looked forward to with much eagerness, and the interest the visit might be expected to arouse is enormously increased because

the most popular comedians of the stage, Francis Wilson. Mr. Wilson is known the entire country over for his skill in creating laughter. He is one of the stage celebrities with which the public is most intimately acquainted, for biographical and character sketches regarding him have appeared in almost all of the periodicals. He occupies a very prominent place in the affections of the public. All of this because his charming personality shines through his comedy creations. In the farce he is enacting this year "The Mountain Climber," he has one of the most amusing roles which have ever fallen to his lot. He appears in the role of a husband who to mislead his wife

cause of the recent memorable engagement in New York of that other Belasco masterpiece, David Warfield in "The Music Master." "The Girl of the Golden West" has held the rent attention of New York audiences for the past twelve months which is the length of time the star and play have remained in the metropolis at Mr. Belasco's home theater.

"The Girl of the Golden West" is a four act drama of California and while he is in Paris, has written none that he is in the Alps accomplishing wonderful feats in mountain climbing. His wife, proud of her husband's achievement, publishes these epistles in book form. When he returns home amusing situations arise through his efforts to keep up his reputation. His company is a very efficient one and a most pleasant evening can be assured to all who witness the performance.

S.S.S. PURELY VEGETABLE

Not only is a medicine valuable for its ability to cure disease, but the way in which it affects the system is a very important factor. When the system is infected with the germs of disease as in Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., every particle of its recuperative strength is needed to assist in eliminating the poisons and impurities which are causing the trouble. It should not be dosed and treated with strong mineral mixtures and concoctions that further add to the burden, by disagreeably affecting the bowels, producing indigestion, or eating out the delicate humors and membranes of the stomach. The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons for its being now the most widely known and used of all the medicines on the market. It is made entirely of health-giving roots, herbs and barks of the forests and fields. These elements, for their well known curative properties, and are known at the same time to possess the quality to build up and strengthen every part of the system, thereby giving the true effect. Not only is S. S. S. the king of blood-purifiers, but it is also the only medicine that may be taken with absolute safety by young or old. We guarantee it is non-injurious and offer a reward of \$1,000 to anyone who can furnish a reliable mineral in any form. S. S. S. is a natural blood-purifier and a powerful cathartic, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and all and all diseases arising from a poisoned or impure state of the blood. It goes to the very bottom of these troubles, removes every trace of disease, enriches and builds up the blood and permanently cures where mineral medicines fail. If you are suffering with any form of blood disease write for our book on The Blood and ask for any medical advice you may desire; no charge for either. **THE SWIFT SPECIFIC CO., ATLANTA, GA.**

ELBERT HUBBARD ON BYRON W. KING.

From Elbertus in reviewing Dr. Byron W. King's Fourth of July address before "The Immortals," has the following to say in the August Philistine.

The chairman was Dr. Silas Hubbard, author of "A Message to Garcia." He introduced Byron W. King first, as the last shall be first. Besides that, the good Doctor did not know the man, except by sight, and as he saw that Byron had a marked peculiarity of aspect, a sort of gibbosity of expression, he thought it would be well to let His Pulchritude fan the breeze and strike himself out at once, so he called him at once to the oratorical bat.

Byron opened up adroitly and spoke about nothing for a minute, and then he paused and smiled—a smile that was contagious. That smile won all, plaudits were to be left behind and truisms waived. He had me the audience and they were his.

The general topic of the meeting was "What Shall We Do With Our Life?" As Byron opened up the ascendant stops and wound into his theme, the air became charged with reasons. He ceased to be King of Pittsburgh and became a messenger from On High.

Mr. King will be at Taylor Hall, Y. M. C. A., tonight.

DE ANGELIS IN A NEW PLAY.

New York, Feb. 18.—The Manhattan theater was the scene of the appearance of Jefferson De Angelis in a two act "comic opera" by E. M.

JEFFERSON DE ANGELIS

Brenner and Julian Edwards. There is no more tiresome duty that falls to the theatrical reporter than chronicling the plot of a modern comic opera. The governor loves the girl. The girl loves the English sailor. The sailor pretends to help the governor and eventually wins the girl. And for this people are supposed to pay money, real money.

As a matter of fact, people, real people, do not. These so-called comic operas are only produced in New York in order that they may go out on the road and hoodwink people who don't know, or who take the "New York run" seriously. And the "run" means purely the assiduous filing of a house with many dead-heads.

COLLISION AT SEA.

Fourteen Men of the Crew of British Steamer Drown.

Cardiff, Wales, Feb. 18.—Fourteen members of the crew of the British steamer Orianda, including the captain, were drowned following a collision between the Orianda and the British steamer Heliopolis. The Orianda sank and the Heliopolis, damaged, put into this port. The night was clear, but there was a gale blowing and a heavy sea running. The Orianda, which was coal-laden for Spezzia, was struck between the engine room and the stock hole, and so badly damaged that she immediately began to fill and sank within half an hour.

The Heliopolis drifted away without rendering assistance. The captain mustered all the Orianda's 19 men on deck. Each was given a life belt and jumped into the sea. Six of them reached a water-logged lifeboat, the only boat it was possible to launch, the others having been smashed, and all of them, with the exception of one who died from exhaustion, were rescued by a pilot boat after suffering greatly from exposure.

CABINET'S FATE IN THE BALANCE

Must Pass on Briand's Settlement of Church Lease Question.

TO BE DISCUSSED TUESDAY

Whole Matter to Be Fought Out on the Floor of the Chamber of Deputies If the Minister of Education Is Deserted by Colleagues — French Situation.

Paris, Feb. 18.—Whether the settlement of the church lease problem as negotiated by Minister Briand shall stand will probably be determined Tuesday. The fate of the Clemenceau cabinet is also involved.

Tuesday the cabinet will decide its course, and on the same day it will go before parliament and define its position. MM. Menuier and Guieyresse, the radical Republican deputies, consented to postpone their interpellations scheduled until the cabinet has had another opportunity to compose its differences, and meantime the negotiations between M. Selves, prefect of the Seine, and Mgr. Amette, archbishop coadjutor of Paris, on the subject of contracts for the lease of churches will be ordered suspended. It is certain in advance that if M. Briand is beaten in the cabinet Tuesday, he not only will retire but will appeal from the decision of the cabinet to the chamber of deputies, and that the issue will be fought out upon the floor in a battle royal between the premier and his young lieutenant, whose speeches in favor of a liberal interpretation of the separation law have been repeatedly ordered placarded through the country. It is a curious fact that while the government is hesitating, scores of communes, disregarding the instructions and advice of the government, are concluding contracts between mayors and cures.

Finance Minister Caillaux and Minister of Labor Viviani differ as to the cost of placing the scheme of workmen's pensions into operation. The estimates of M. Caillaux involve the expenditure of \$91,800,000 and those of M. Viviani \$78,800,000.

ARGUE MOTION TO QUASH INDICTMENT AGAINST FAIRBANKS

Lawyers Make Plea and Case is Taken Under Adversement by the Court.

Stuebenville, Feb. 18.—Attorneys for Frederick C. Fairbanks, son of Vice President C. W. Fairbanks, made strong points Saturday in their arguments to quash the indictment for subordination in connection with his getting a license here to marry Helen Scott of Pittsburgh. Attorney Chase Stewart of Springfield, held that the indictment conflicted in charging him with perjury as principal and for subordination as accessory; also he held that the subordination statute has been repealed and there can be no offense of that kind in Ohio.

Mr. Stewart said that Helen Scott could abandon her father's residence and come here and get a license and it was not perjury to swear her residence. He declared the indictment omitted averments fatal to it on material matter, one being that Fairbanks did not know that the person getting the license would have to swear falsely. He said Fairbanks wanted a speedy trial to clear the cloud against him.

Prosecutor Alban said all the necessary statutory elements were in the indictment. Judge Richards took the case under advisement.

ENJOYABLE SONG SERVICE.

The Fifth Street Baptist church was crowded last night as perhaps never before in its history, and many were turned away because of the lack of room. The attraction was a song service by the chorus choir under Prof. W. W. Flora. The singing was of a very high order, and at the same time worshipful in spirit. The music of one of the pieces was written by Miss Conklin, a member of the choir, who has studied harmony under instruction of Professor Flora.

The solo by Miss Mabel Glenn and the singing of the Professor were exceptionally good. Prof. Byron W. King, who is to lecture in Taylor hall tonight, was present and gave one of his wonderful Bible Readings. It is a great thing to hear this man, for his reading is in itself an interpretation. Those who heard Prof. King will long and gratefully remember him for his loving interpretation of the Bible.

Baltimore Blaze.

Baltimore, Md., Feb. 18.—A spectacular fire, which it was for a time feared would do an immense amount of damage, broke out in the blacksmith shop of the South Baltimore Steel Car and Foundry company at South Baltimore, five miles from this city. The origin of the blaze is not known. The damage will probably not exceed \$100,000.

TO THE PEOPLE OF NEWARK A PROCLAMATION

BY FRANK D. HALL, PHARMACIST.

Inasmuch as it has always been our policy to take the people of Newark into our confidence in all matters pertaining to VINOL, it is with pleasure that we are here able to present an illustrated exhibit of the process through which VINOL passes in its manufacture.

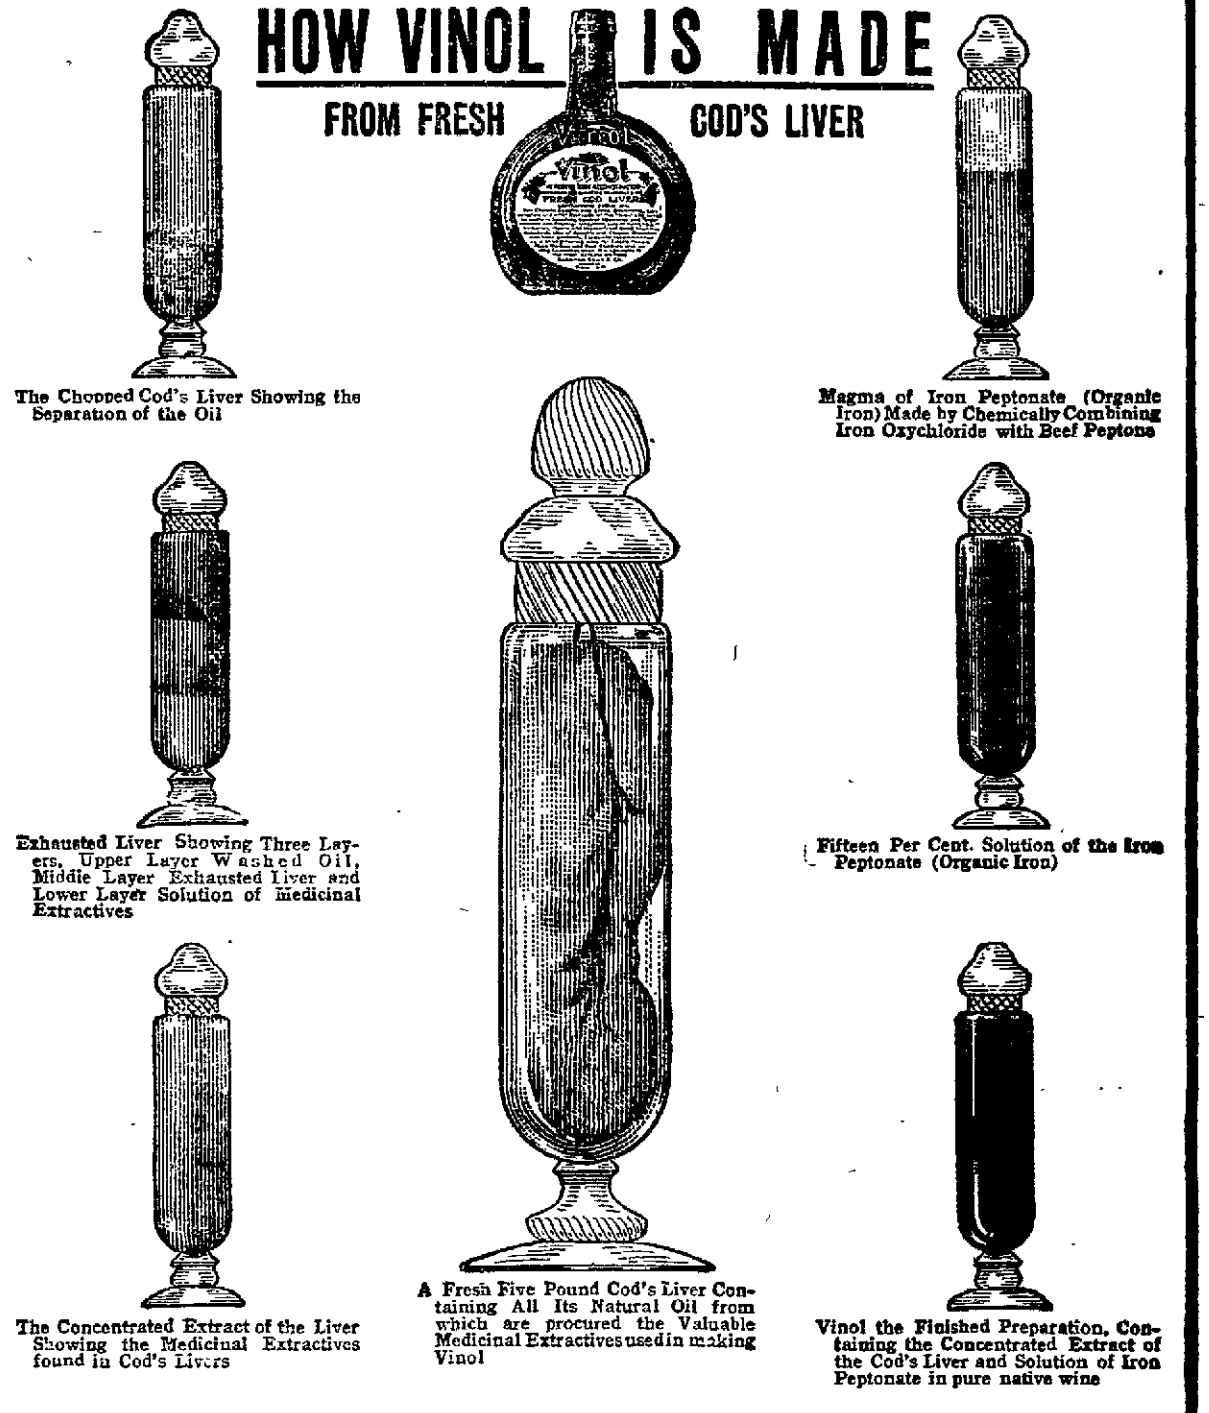

This exhibit not only demonstrates the fact that VINOL is a real scientific preparation made from fresh colds' livers, but shows by illustration every ingredient of which VINOL is made. This proves to the people of Newark that VINOL not only complies with all conditions of the new Pure Food and Drugs Law, but always has done so, inasmuch as its ingredients have always been made public and its qualifications never misrepresented.

We are sorry we cannot print in The Advocate this exhibit in the natural colors of the material contained in the different jars. We have a booklet showing this exhibit lithographed in colors, a copy of which we will be glad to hand to anyone asking for it at our store. These newspaper illustrations, however, will serve to assure our customers and friends that VINOL is in no way a secret preparation, but is as ethical as any preparation put up or prescribed by anyone.

In making VINOL, the Fresh Cod's Livers go through the several stages represented by these illustrations, reproduced from the originals, all of which proves that VINOL is a real Cod Liver preparation, made by a scientific process which eliminates the oil and retains the valuable medicinal extractives.

We ask you to study this exhibit so you will fully understand how the valuable medicinal extractives are recovered from genuine fresh colds' livers and the unnecessary oil omitted. This will show you conclusively that VINOL is not made of drugs or chemicals which are said to resemble the medicinal elements found in cod liver oil but that VINOL actually does contain in a highly concentrated form all the medicinal extractives of cod liver oil, actually taken from genuine fresh colds' livers, together with organic iron—a needful constituent for the blood—dissolved in a pure native wine as a preservative. VINOL, unlike oily preparations, is easily digested and agreeable to the weakest stomach. For these reasons we believe

VINOL is far superior to old-fashioned cod-liver oil and emulsions for coughs, colds, bronchitis and all throat and lung troubles, and as a body builder and strength creator for old people, delicate children, weak, run-down persons and after sickness.

Know, therefore, all persons who are in need of such a medicine that we will supply them with VINOL on a positive guarantee that if it does not succeed in benefiting them, we will refund the entire amount of money paid us for the medicine.

You see OUR FAITH in VINOL, and you must admit that we know something about medicine; therefore, when we tell you that VINOL is the most valuable Cod Liver preparation on the market, and a wonderful tonic-reconstructor and builder of strength, appetite and health at the same time delicious to taste, we are not unreasonable to expect you to believe us.

AN INTERESTING STATEMENT. W. A. Erman & Son Say They Have at Last Discovered a Positive Cure for Indigestion.

"For years," said a member of the above drug firm, "we have been waiting for some one to discover a remedy that really will cure dyspepsia.

"We recently learned that a new remedy, Pepsikola Tablets, had been placed on the market, and on investigation we found that at last there is a remedy that surely will cure.

"We laid in a big supply because we knew that as soon as the people began to know about this remarkable remedy there would be a big demand for it, and it is selling beyond our expectations."

It is not often a druggist sells a new remedy on a positive guarantee, but unless cured of nervousness, dizzy spells, sour stomach, coated tongue, palpitation and other symptoms of dyspepsia, Erman & Son will hand back your money cheerfully and without argument.

No one should hesitate on trying 25 cent box of Pepsikola Tablets, as they will not cost you a penny should they fail to relieve and cure the very worst case of indigestion and dyspepsia. m

Editor Advocate: In the very admirable account of Judge Lindsey's address your reporter made an error in including among the "Lindseys" the remark that "Sunday school is a place where you give up a penny and get nothing back." The remark in question was used by the Judge as a quotation from a street Arab, giving his first impression. While Judge Lindsey as well as every one who is at all acquainted with Sabbath schools is aware of their great deficiencies, the Judge would hardly use the above as his own opinion.

MRS. C. E. FINK

Lydia E. Pinkham's Vegetable Compound

is an honest, tried and true remedy of unquestionable therapeutic value. This medicine made from native roots and herbs contains no narcotics or other harmful drugs and today holds the record for the largest number of actual cures of female diseases of any medicine the world has ever known, and thousands of voluntary testimonials are on file in the laboratory at Lynn, Mass., which testify to its wonderful value.

Mrs. C. E. Fink, of Carnegie, Pa., writes:—Dear Mrs. Pinkham:—"I wish every suffering woman would take Lydia E. Pinkham's Vegetable Compound and write to you for advice. It has done me a world of good and what it has accomplished for me I know it will do for others."

When women are troubled with Irregularities, Displacements, Ulceration, Inflammation, Backache, Nervous Prostration, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound.

Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Out of her vast volume of experience she probably has the very knowledge that will help your case.

HEALTH OF WOMEN

In this nineteenth century to keep up with the march of progress every power of woman is strained to its utmost, and the tax upon her physical system is far greater than ever.

In the good old-fashioned days of our grandmothers few drugs were used in medicine. They relied upon roots and herbs to cure weaknesses and disease, and their knowledge of roots and herbs was far greater than that of women today.

It was in this study of roots and herbs that Lydia E. Pinkham, of Lynn, Mass., discovered and gave to the women of the world a remedy more potent and efficacious than any combination of drugs.

Feb. 17 In History.

1673—Jean Baptiste Poquelin, known as Moliere, French comic actor and author, died; born 1622. Moliere was the adopted name of this remarkable Frenchman. His father was a shopkeeper, and he himself served the king as valet de chambre. Having adopted the life of a strolling actor, he made fame in the provinces and then settled in the capital. His acting and his plays together gained the favor of royalty, and princes treated him as an equal. The barriers of literary prejudice and of social rank were thrown down by the power of his genius. Some critics place his comedies ahead of those of Shakespeare.
1838—England seized a part of Venezuela containing valuable mines.
1903—Rear Admiral Augustus Ludlow Case, U. S. N., died in Washington; born 1812.
1859—Lewis Miller, inventor and philanthropist, founder of Chautauque, died in New York city; born 1830.
1905—Grand Duke Sergius, uncle of Czar Nicholas II. of Russia, slain by an assassin's bomb in Moscow.

Aldrich's Currency Bill.

The bill of Senator Aldrich to amend the currency act of March 14, 1900, which may be acted upon this week, proposes the following changes:

Authorizing the issue of \$10 gold certificates, the limit now being \$20.
Authorizing the issue of United States notes for one, two and five dollars, in lieu of larger denominations of such notes. The limit is \$10. The existing amount of such notes is not to be increased.
Authorizing any national bank to issue one-third amount of its circulation in \$5 notes.
Authorizing the deposit in national banks of receipts from customs.
Extending the limit of retirement of national bank circulation from \$3,000,000 to \$9,000,000 per month, or from \$36,000,000 to \$108,000,000 per annum.

Senator Berry of Arkansas, in his recent speech, favoring the expulsion of his fellow-senator, Reed Smoot, of Utah, said that he regretted the necessity of opposing a man "with whom he had served four years in the senate committees with perfect amity and high appreciation." The case of Smoot of Utah, goes to show how a Republican senate can let matters drag along. Smoot's seat has been in question ever since he entered the senate and he has served two-thirds of a term.

No foreign correspondent has ever drawn a more scathing indictment against the officers of the czar's army in Manchuria than Gen. Kuropatkin does in his history of the Russo-Japanese war which the government has attempted to suppress. Certainly no one on the spot had better opportunities for observation and for official knowledge of the facts or equal qualifications as an expert for passing on the causes of Russia's failure. All through his account of the Manchurian campaign

Gen. Kuropatkin reveals astounding instances of the Russians' incapacity and lack of organization. From first to last there is little to justify the belief that Russia possessed any of the requirements of a great military power except the ability to sacrifice an immense number of lives.

Hon. James E. Campbell As Leader.

(Mansfield Shield.)
There is a movement among the Democrats of Ohio to place ex-Governor James Campbell at the head of the party.

After his defeat for the governorship Campbell ceased to be an important factor in the politics of the state, but his power was never forgotten. He has made an indelible impression on many Democrats and it was but natural that the Democrats of the Third district nominated him for congress when they wanted a man who had more than a chance of winning at the polls. While Campbell did not win against odds, his defeat did not impair his standing. If anything, he was a bigger man after the election than he was a few months before.

When he was appointed a member of the codifying commission at a large salary, his continued residence in Ohio and active participation in politics became assured.

J. H. Newton, of The Newark Advocate, regards the ex-governor as the right man to assume the leadership. Referring to the Campbell movement, Mr. Newton says:

"All signs point to the evidence of the existence of such an organized movement through Ohio directed by some master hand and reinforced by the old-line Democrats who took their political religion from Allen G. Thurman, and later graduated from the political school of Grover Cleveland and tariff reform with public office a public trust as their motto."
In an address at Kenton in celebration of Lincoln's birthday, Campbell said: "If Lincoln were alive today he would be found working hand in hand with William Jennings Bryan, who stands for the good of the common people." He discredited the ability of Senator Dick, saying that "his capacity reached its full limit when he served as county auditor."

ANNIVERSARY OF PYTHIANISM

Will be Celebrated by an Elaborate Function to be Given By Licking Co., U. R. K. P.

Wednesday evening at the Castle Hall of Newark Lodge No. 13, K. of P., the celebration of the 44th anniversary of the organization of the order, will be appropriately observed by Licking Company, No. 121, of the Uniformed Rank.

The exercises will be elaborate and will begin at 7 o'clock when the company will meet and bear inspection by the colonel of the regiment. Following this meeting, about 8 o'clock the Knights and invited guests will assemble in the large banquet hall, where a sumptuous collation will be dispensed by well known caterers. Arrangements are complete for this event, which will far outshine anything of a like nature ever attempted by the local company.

JAPAN "EATING UP" RUSSIA'S FAR EAST

Island of Saghalien is So Completely Japanned That It Might Have Been Ceded.

St. Petersburg, Feb. 18.—Russians from Saghalien and from the Maritime province declare that Japanese immigrants have already "eaten up" Russia's Pacific coast.

"Saghalien," says Dr. Speransky, who has just arrived in St. Petersburg, "might just as well have been ceded to the Japanese. The north of the island has completely fallen under Japanese domination."
"Wages have fallen. The Russian officials in the north of the island have sent their old servants to the mainland, and replaced them by Japanese, who want practically no wages and who eat practically nothing."
"The Japanese are introducing into the Maritime province all their customs. The Russian language is bound to disappear. Nothing can withstand the yellow men's fierce energy. Everything from geishas to lucifer matches will be Japanned within five years' time."

RUSSIA'S LATE COMMANDER, WHO ASSAILS SUBORDINATES.

GENERAL KUROPATKIN.

General Kuropatkin's history of the Russo-Japanese war was suppressed by the Russian government for its attack upon the policies which led, in the General's opinion, to the defeat of his country. He gives high praise to his late enemies, the Japanese, and to the courage of the men of his own army, but of many of his own subordinate commanders he speaks in terms bordering on withering contempt.

NEXT MEETING OF TEACHERS AT COLUMBUS

The next annual meeting of the Central Ohio Teachers' association week of November, 1907. This action was determined upon at a meeting of will be held in Columbus the second of a committee, consisting of Hon. W. H. Meek of Dayton, Hon. U. S. Brandt of Columbus, Superintendent H. B. McVay of Sidney and J. D. Shumkins of Newark, held at the Great Southern Hotel, Saturday afternoon. The last meeting of the association was held in Indianapolis and Columbus is about the only city in the state able to accommodate the crowds of pedagogues who gather at the annual meetings of the association.

It is intended, according to the program of the committee having the matter in charge, to have a distinguished list of speakers at the meeting, but a list has not yet been agreed upon.

It is a great boon that we can not pry with any certainty into the future. Just think how miserable one would be if even such trivial things were known, such as how many times and the date you would have a fall, or cut your finger.

A. S. WHITE HEADS TRACTION DEAL

Cincinnati, O., Feb. 18.—The Columbia corporation of West Virginia, controlled by Archibald S. White, A. R. Leach and associates of New York, leased for a period of 99 years the Cincinnati, Newport and Covington Light and Traction company. This company has a monopoly of the light and traction business in a dozen Kentucky towns.

Spotted Fever at Belfast.
London, Feb. 18.—Owing to the alarming mortality from spotted fever at Belfast and the generally high death rate owing, it is alleged, to unsanitary conditions in parts of that city, the government has adopted the unusual course of appointing a royal commission to inquire into the situation.

Of course everybody is in favor of good roads, but the serious problem is, who is going to pay for 'em.
Judge Ben Lindsey would rather trust the boys than trust a trust.

Congress is still suffering from the hardship of indolence.

If Chicago is going to organize a milliners' union she will have to hustle to get all the open shops closed before Easter.

It's coming time of year, thank heaven, when the light bills will begin to lessen, even if the heat bills are to continue for some time yet. Can't control the sun.

Dispatches from South Carolina announce that in consequence of the State dispensaries being closed complete prohibition will prevail there for a time. This will make the Governor powerless to relieve the situation when the Governor of North Carolina makes his complaint about it being a long time between drinks.

How To Hunt Trouble.

The children and grandchildren of Grandfather Jackson had just finished eating a family supper at the old man's home; the table was "littered" and the old man had finished his first smoke, and knocking the ashes out of his pipe, observed:
"Now as we is all heah, and we has all apparently taken holt of our food wid satisfaction, we should, suttinly all be in good humah, and I desires to take advantage of dis auspicious occasion to smoke a few remarks to yon all, what I has had in mah haid for some time."

"I notice in dis hurry and scurry dat has cum on to all ob us in dis lath years, yon young folks 'peahs

to think dat you has mo' troubles dan any one what cum belo' you had.
"Dat is a mistake, dere always wuz trouble and dere is always gwine to be trouble, and it am measured out presackly right so it will go around and come out 'bout even fo' every one. It am no use to blow dat you has got nothin' to worry about, and no use to tell what's worryin' you to udder folks. If you haint in trouble now, it'll cum when you is least expectin' it, and if you reckernise de fac' dat you is entitled to yo' share ob it, it will run after you jest like sweat on a cornfield hand.

"If I could have my 'ruthers,' I'd rather have de troubles, what am cummin' to me to cum along every day or so, fo' den you kin git used to it. Look at dese rich white folks round heah what live yeas an' yeas wid everything goin' long, just like it waz hed, den all to once 'Ole Mister 'Trouble' cum along, an' de ain' fit to tackle him; dey ac' jest like children, dey ob sumpin' desperate, and wind up either wid de sheriff or de probate judge.

"When you cum to dis world ob sorrow, yon all made yo' paw and maw a heap ob trouble, and yo' is shorely gwine to git paid back for it. Yo' paw and maw stood it, an' you kin stand it to. Don't go huntin' fo' it 'case it's right wid you now, maybe, but if you has got to hunt fo' it, go a gannin' fo' some one else's troubles; dey ain't no closed season fo' dis kynd ob huntin', and de signs that are up sayin' 'No trespassin' kin be got around widout havin' de law on you.

"Ef you is in earnest you will find dis great sport, an' yon kin git yo' week in even on a Sunday when de lid is on. Don't fool yo' time away prowlin' round wid a single bar'l gun, use one of dese new repeatabs; git yo' shells loaded wid smokeless powdah made by de 'Good Intention Powdah company,' for dis powdah don't make 'nuff fuss to skeer away de game; use waddin' made from de 'Salvation Army Wah Cry,' and git yo' shot from de 'Good Deeds Shot company,' put a plenty in, ram 'em down haid so de load will scattah. De gun will nebbber kick wid dis load an' you kin shoot de stuffin' outen all kynds of trouble, and de spot will be so fascinatin dat you will soon want yo' own game preserves to hunt in.

"Yo' gran'paw has gathered dese observations from his own 'experience, and I see regrettin' some dat I didn't do mo' huntin' ob dis kynd endurin ob mah younger days, but what if I'd done, I don't consider it am powdah and shot frowed away.

"New, you all clare out to yo' beds, and if de good Lawd spares me until our next fambly getherin', I'll unload some mo' on you agin. Whas mah pipe."

RHEUMATISM

BADLY CRIPPLES A BALDWINVILLE FARMER.

URIC-O QUICKLY CURED HIM.

Mr. Frank Howe a prominent farmer of the town of Van Buren, says: "During a siege of the most painful form of rheumatism, which lasted two years, I did everything that was possible with the aid of money to find relief. I spent several hundred dollars, and seemed to grow worse instead of better each day. Being on crutches and forced to drive to the train and then hobbling to the doctor's office became very discouraging, let alone sleepless nights and the fearful hours of pain. Being advised by a friend to try Uric-O, I purchased a bottle and began its use as directed. In less than 24 hours these fearful sciatic pains left me, my blood seemed to let loose and flow freely, I felt different, and knew at once that I had found a cure, as I slept and rested all that night, something I had not done before in two years. I used in all six bottles of Uric-O, and can truthfully say that I have never felt a return of the disease, and have had no use for crutches or cane since the first day's treatment. I invite all Rheumatics to write me and learn further truth concerning this wonderful remedy."

(Signed) FRANK HOWE.

LESS CHAMPAGNE THAN HERETOFORE

Washington, Feb. 18.—Apparently champagne drinking in the United States is on the wane. Both the quantity and value of that beverage imported into this country last year were less than in the preceding one. The figures show that 394,727 dozen quarts of champagne and other sparkling wines were imported in 1906, valued at \$5,555,425, while in the immediate preceding year the number of dozen quarts was 401,514, valued at \$5,395,651.

Collision Caused Panic.

Naples, Feb. 18.—The White Star line steamship Republic, from Boston Feb. 2 for Naples, while entering the harbor here collided with the Italian steamer Centro Amerika, from St. Thomas Jan. 17. Nobody was injured, but a great panic ensued. Both steamers were considerably damaged.

VOLUNTEER RIDER WENT TO DEATH

On a Diving Horse in the Presence of 5000 Spectators at San Antonio, Tex.

San Antonio, Tex., Feb. 18.—In the presence of 5,000 spectators Oscar Smith rode to death on one of Dr. Carver's diving horses, Powderface, yesterday afternoon. The performance was given at the baseball park and an immense audience was present.

"The girl in red" being ill, Smith, known as the "boy broncho buster," an attaché of Carver's show, volunteered to ride the diving horse, which leaps from a 40 foot platform into a pool of water 14 feet deep. With him on his back the horse made a beautiful dive. The horse hit the water nose first with Smith sitting gracefully on his back. The crowd broke into cheers as the horse and rider went under the water. The horse came up, but no rider.

Smith's body was recovered by a diver 20 minutes later.

Want Smoot Unseated.

Newcastle, Pa., Feb. 18.—All the churches of this city will unite in an interdenominational day of prayer Feb. 28, when invocations will be offered for the unseating of Reed Smoot from the United States senate. The meeting will be held under the auspices of the interdenominational council of women.

Anti-Mormon Meeting.

Washington, Feb. 18.—Polygamy was scored and President Joseph Smith and the leaders of the Mormon church in Utah were denounced by the Rev. Dr. W. W. Paden, pastor of the First Presbyterian church of Salt Lake City, at an anti-Mormon mass meeting. Dr. Paden presented the Gentiles' side of the Mormon controversy, and declared that the law-abiding citizens of Utah will take the senate's action, if Senator Smoot is allowed to retain his seat, as an endorsement of the policy of polygamous living. He declared that the federal legislation of 1862 against bigamy in the territories had never been executed. The law is defective, he said, in that it made no provision against polygamous living.

ZANESVILLE BOUGHT FRANCHISE AND PLAYERS FROM YOUNGSTOWN

Deal Closed Monday Morning by Which the Champs Team, Franchise and Manager Goes to Mogul Town-- Transfer Brings Joy to Newark.

Press telegrams this afternoon from Youngstown brings the information that Zanesville has purchased the franchise and players of the Youngstown baseball team owned by Joseph A. McDonald and Thomas McDonald, the big steel mill owners. The Mogul crowd gets the team and franchise together with Manager M. C. Hogan, for \$3,000. The sale of the club was made necessary because the steel corporation there refused to give the McDonalds a ball park.

Newark fans will hail the above announcement with delight. The local lads would like to see one Zanesville team in the league rather than the New York and Youngstown teams, as much interest in baseball in Newark as there is in Zanesville. Playing against the team especially in Newark is winning a thing even. Manager Marty Hogan in interview given out Saturday night said that there was no chance and that he would offer his players for sale at Cleveland Wednesday and that the franchise would go to the highest bidder.

For a whole week, Manager Hogan tried to get the business men of Youngstown interested but none wanted to invest his money where he felt reasonably sure that it would be lost. Hogan did not misrepresent things and told the merchants that the probability was that they would lose all they put into it. This was enough.

MOST CITIES DO NOT FAVOR TEN CLUB LEAGUE

NEWARK WILL OPPOSE EFFORTS OF SANDUSKY & ERIE TO COME INTO LEAGUE.

"It's a Plot to Oust Southern Teams" Say Some Newark Directors—Will Be Defeated.

A Cleveland paper reports the purchase by Sandusky of the release of the Erie team from the inter-state league and that the fight for the admission of Sandusky and Erie to the O. P. league will be re-opened. Erie and Sandusky both have not given up hope of getting into the best minor league in the country.

It looks now like the two cities will not make it this year. Every club in the circuit was asked Saturday for their opinion on the enlargement of the league to 10 clubs and whether they would favor the admission of Erie and Sandusky. The replies were as follows:

Newark, by F. T. Maurer, business manager: "It would be poor policy for the Newark club to vote for the admission of Erie and Sandusky. The local directors would no doubt favor Zanesville and Sandusky, and I believe we could vote for these two cities. With Erie as one of the circuit, the mileage of Lancaster, Marion, Newark and Mansfield would be out of all reason. We are well satisfied with the present circuit."

"Yes, we will vote for ten clubs if Zanesville and Sandusky are to be admitted."

The other directors handed out the same line of talk. "Newark has a bunch together," is the catch phrase, "to equal the strength of last year's clubs, and we have no desire to satisfy the visitors at the expense of finances," said one of the directors.

Though the ten club circuit would be a bad thing and its supporters can look for a fight from the Newark directors, Lancaster, Secretary Will Gray: "The local club owners are dead set against a 10-club league. They think if Sandusky and Erie want in the league they should pay franchise fees. Such a league would be unworkable and no satisfactory schedule could be arranged."

Mansfield President Starnes: "The Mansfield club is opposed to a 10-club circuit and we do not think this movement worthy of our notice." Manager C. J. McCoy: "If the larger club owners are to be satisfied, we will not play in a 10-club circuit. I do as well as the small clubs. I will be better for all concerned."

Marion, Secretary T. R. Allen: "We are not in favor of a 10-club league but if it is to be for the benefit of the league, we will be in line with the majority. Marion favors Sandusky and Zanesville. Play ball and stop quibbling. It is our motto." Sharon, Secretary E. E. Clepper: "Regardless of how the other teams vote in this matter, Sharon will oppose it to bitter end. Both teams had an opportunity to enter the league and it was turned down and we are

he will pull off on the Brunswick. After the game, the team will have a day of this week. There are two tournaments, one a two-man team tournament and the other for individuals. The entrance fee for the team tournament will be \$2, the individual tournament \$1 per man. Other particulars can be obtained by writing D. W. Baker at Zanesville.

WHEN? WHERE? WHO?

(Columbus Press Post.)
Hint: A tip comes waiting down from Newark to the effect that a five class, 20 round glove contest will be pulled off somewhere within 2,000 miles of that thriving hamlet, between now and July 4. A local light weight will swap punches with a division of the same South Sea Island to be an unbeaten American. Anyone reading this will confer a special favor upon Newark fight fans by not mentioning the matter in the hearing of police, sheriffs, constables, or Salvation Army officers.

Saved My Life.

Is the statement of Mr. John Wilson of Washington, Pa. He writes: "After being in bed for eight long months and having an expert doctor on chronic disease from Philadelphia, that me I did not receive any benefit until as a last resort, friends prevailed on me to try Dr. Jackson's Digestive and Liver Powders. I could not sit up in bed and in six weeks I was able to be down stairs on crutches. Now I am well and hearty and weigh 225 pounds. I want all to know that Dr. Jackson's Digestive and Liver Powders and other Remedies saved my life and as a reward I have sent him hundreds of patients in the last year."

Dr. Jackson's Digestive and Liver Powders cured Mr. Wilson by giving him good nutritious food and then properly digesting it and not allowed to rot in the stomach and ferment. Our Blood and Nerve Tonic toned his nerves, acted on the kidneys, and brought the bowels to normal. Our Digestive and Liver Powders contain every ingredient in the proper proportions to digest a hearty meal and being in powder form they dissolve as soon as they reach the stomach and give immediate relief. If you are in doubt about our statements write to Dr. Wilson, 1000 Jefferson Ave., Washington, Pa.

Solicitor Marshall says he will call a special session of the grand jury to consider Cannon's charge. Delaware will retain the whipnail post. POLICE RAID WALNUT ST. PLACE

WEST NEWARK MAN SAID HE BOUGHT BEER AND WAS ASSAULTED.

No Resistance Offered by Prisoners, Though the Officers Had Been Warned—Police News.

In a police raid on the Bergin saloon Sunday afternoon shortly after 4:30 o'clock, four people were loaded into the patrol wagon and hauled to the police station. The raid resulted from a complaint filed before Mayor McCleary by Frank Albright, an employee of the Jewett car works who told his story to Chief Sheridan during the afternoon.

Albright claimed that he went to the place and bought several bottles of beer and that before leaving, he was attacked by a crowd of people in the place and was badly beaten before he could escape.

His head showed evidence that his statements were true. Several cuts and bruises on the back of his head were covered with blood and his face was badly bruised.

Chief Sheridan got eight officers to go with him and sent them to the Bergin place in carriages with instructions to bring to the police station every one found in the resort.

One back load went to the rear door and another back load stopped in front. Admission was demanded by one of the officers but it was denied them and an officer's heavy boot soon kicked the door in.

With drawn revolvers, the officers bolted through the door and were ready for a fight with any who might offer resistance.

Only four persons were found in the place however, by the time the officers arrived. Two of these were women, Leland, Martin and Nellie Gray. They will be charged with being inmates of a house of prostitution.

Frank, alias "Lem" Bergin, and James Gorman alias Gillman, were the two male members of the party captured by the police. Affidavits will be made out against Bergin charging him with violation of the Sunday closing law.

Much excitement was created by the raid and a large crowd had congregated in front of the place it having been noised about that the saloon would be raided. The officers met with no resistance whatever in spite of the fact that they had been warned that any attempt to raid the place would result disastrously to the bluecoats.

Powell on that occasion made a hit by his ready excuses and his success in making the court believe that he had been abused.

Monday morning when asked where he got his liquor, Powell said that some man gave it to him in an alley. He didn't know the man but was mighty sure that he did not get the booze at an East Newark saloon which is under suspicion by the police. Powell volunteered this information without being asked. He was fined \$5 and costs and sent to the stone pile.

John Kramer of Mansfield, plain drunk, Frank Ross, no residence but a habitual beggar, charged with being drunk, and Tug Wilson, also drunk, were fined \$5 and costs. Ross was sent to the county jail. He told the mayor that begging was about the only thing he could make a success of these days. He admitted that he had been in the clutches of the law before.

William Jones was charged by Officers Howard and McClure with being drunk and brawling. He pleaded not guilty and will get a hearing this afternoon when the officers can be brought into court to testify. Jones was arrested late last night and refused to give the officers a satisfactory account of his presence on the street at such a late hour.

Rome, Feb. 18.—Fifteen thousand persons, among them 150 red-shirted Garibaldians, with 120 flags and 20 bands of music, participated in an anti-clerical demonstration in favor of France. The procession crossed the city and went to the monument of Giordano Bruno, the Italian philosopher who was burned at the stake by order of the inquisition, where 30 wreaths were deposited. Afterward the marchers went to the capitol and, despite their being prohibited doing so, entered the balcony of Michael Angelo, overlooking the hill, and planted the red Republican flag, and amid enthusiastic cheering Republican and Socialist deputies delivered violent anti-clerical speeches.

A light engine in charge of a Peoria & Eastern crew, sideswiped B. & O. westbound freight train No. 189 on the joint Big Four and B. & O. tracks at City avenue and Spruce street, Columbus, shortly after 10 o'clock Saturday night, causing considerable property damage and a narrow escape for the crew. The Peoria & Eastern engineer was trying to make the switch in order to back up into the yards for his train and as Big Four passenger train No. 18 was due, was running at a good rate of speed. Both tracks were blocked by the wreck and Big Four passenger train No. 18 and B. & O. passenger train No. 106 were detained over the Hocking Valley tracks. The B. & O. freight which was wrecked was in charge of Conductor Irwin and Engineer Johns.

Thirty Thousandth Engine.
The Baldwin locomotive works at Philadelphia, recently turned out the thirty thousandth engine built in the shops and it is safe to say the railroad giant in question represented the highest degree of perfection attained by American engine builders. An indication of the tremendous spread of railroad systems is indicated in the records of the Baldwin company's growth. A generation ago the plant employed 1,200 men. Now it employs an army of 19,200. In 1872 an output of one engine per

day was considered phenomenal. Now the average output of the plant is nine engines daily.

IN ALLEGHENY**Five Business Houses and Three Dwellings Are Destroyed by Fire.**

Pittsburgh, Feb. 18.—A fire which threatened the destruction of several city blocks in Allegheny destroyed five business buildings and three dwellings, causing an estimated loss of \$200,000. Four fire companies were sent to Allegheny from this city to fight the flames, and a number of firemen had narrow escapes from falling walls. The fire originated from an explosion in the basement of Kenyon's dry goods store and meeting hall, a five-story structure, and quickly spread to the other buildings. What caused the explosion is not known. The Cornelius Express company building, Strasberger & Joseph's dry goods store, Kohn's dry goods store and Randolph's furniture store were burned to the ground. The flames then communicated to three dwellings adjacent to the Cornelius building, completely gutting them.

USED TRUST FUNDS IN SPECULATION**AND DISBARMENT PROCEEDINGS ARE ORDERED AGAINST THE SPRINGFIELD ATTORNEY.****Lowell's Favorite Niece Dead—Pneumonia Patient Suicides—Money For Wooster University.**

Springfield, O., Feb. 18.—Judge Kunkle of the common pleas court ordered disbarment proceedings to be instituted against A. P. Linn Cochran, United States commissioner. Until a few months ago Cochran was one of the richest lawyers of the city. The proceedings were ordered on complaint of James Kearns, who alleges that he, as guardian, loaned trust funds to Judge Cochran, his attorney, and that this money was lost in speculation. He says that he is a working man and that the amount, about \$7,000, had to be restored by him out of the savings of a lifetime and that he is now penniless in his old age. Judge Cochran became involved in serious financial difficulties about a year ago.

Lowell's Favorite Niece.

Cincinnati, O., Feb. 18.—In an old weather-beaten house on the outskirts of Loveland, O., to which she and her aged husband withdrew a year ago, Harriett Lowell Barrett, the favorite niece of James Russell Lowell, the poet, died at the age of 80 years. Her husband, Joseph H. Barrett, 84, commissioner of pensions during the two terms of Abraham Lincoln, and well known in Cincinnati, first as editor of the old Commercial and later of the Times, is probably fatally ill in Christ hospital, where he was taken Saturday.

Electric Shock Restored Speech.

Toledo, O., Feb. 18.—To an electric shock is due the fact that Roy Dwyer, the four-year-old son of William Dwyer, is able to speak. Roy since his birth has been a normal child in all except his speech. While the family was away he put his finger into an electric light socket and nearly burned the end off. But the shock that followed the act restored his power of speech, and for the first time in his life he is able to talk. Physicians say the shock energized a latent nerve center.

SUCCOR WAS BEYOND HIS REACH**AND SHERWOOD IVES, FORMER CAPTAIN OF YALE'S ROWING CREW**

Met an Accidental Death in One of the Most Remote Regions of New Mexico.

Albuquerque, N. M., Feb. 18.—Alone and 90 miles from telegraphic communication in one of the most remote parts of New Mexico, one the cattle ranch of Ray Morley, formerly football coach of Columbia university, Sherwood B. Ives, son of General Brynton Ives, banker, of New York, and erstwhile captain of Yale's rowing crew, shot himself on Saturday afternoon. The bullet entered the thigh and ranging upwards, lodged in the bowels.

Suffering untold agony, and 90 miles from medical aid, Ives passed away while being driven in a buggy to Magdalena. He had gone into the house, leaving his automatic pistol in his scabbard at his belt. The pistol accidentally fell to the floor, exploding. A rider was sent post haste to Magdalena and a surgeon was telegraphed for from here. A special train, with a surgeon on board, was ready to depart when news of Ives' death reached here.

Showing the same nerve that he displayed when urging the Yale crew to victory, Ives bore up under the injury without complaint. The messenger bearing the dispatch to the surgeon arranged for relay teams along the road, which the ambulance carrying the injured man would travel in going to Magdalena, which is the nearest point on the railroad. A start was made immediately after the accident and the ambulance had made 50 miles of its journey when the injured man expired, vomiting blood. The body was taken to Magdalena and is to be borne to New York for burial.

Dr. Ives came to New Mexico five years ago for his health and has since made his home at Datil, which is the headquarters of the Morley ranch. He was well supplied with money and became a favorite from the Rio Grande to the Datil mountains. He easily fell into the ways of the country, adopting the ways of the broad sunsets and the habit of carrying a gun. Being tall and imposing in appearance Ives made a very picturesque figure. He was often seen at Magdalena where the cowboys of the country are wont to gather and the rancher, go for supplies.

\$100,000**Is What Liquezone Cost Us. A Test Costs You Nothing at All.**

There is a gas-made product which does, in some conditions, what nothing else can do. A product known the world over, for millions have used it. And countless people everywhere owe much to this invention.

We ask you to try this product, at our expense. Be fair to yourself; learn how much it means to you. Even though it fails you have lost nothing. If it does what it does for others, you are well. And do you suppose we would make this offer if the results were not bound to surprise you?

What Liquezone Is.

Liquezone is a tonic-germicide, the virtues of which are derived solely from oxide gases. No alcohol, no narcotic, nothing but gas enters into it. The process of making requires large apparatus, and consumes 14 days' time. The object is to so combine the gases with a liquid as to carry their virtues into the system.

The result is a germicide so certain that we publish with every bottle an offer of \$1,000 for a disease germ that Liquezone cannot kill. It destroys them because germs are of vegetable origin. But to the body Liquezone is exhilarating, vitalizing, purifying.

That is its main distinction. Common germicides are poisons when taken internally. They are impossible, for

they destroy the tissues as well as the germs. That is why medicine proves so helpless in dealing with germ diseases. Liquezone, on the contrary, acts as a remarkable tonic.

We Paid \$100,000.

For the rights to Liquezone, after thousands of tests had been made with it, after its power had been demonstrated for more than two years in the most difficult germ diseases. Conditions which had resisted medicine for years yielded at once to it, and diseases considered incurable were cured. That was five years ago. Since then millions of people in every part of the world have shared in the benefits of this invention. Nearly every hamlet, every neighborhood, has living examples of its power. Now we ask you to let it do for you what it did for them.

Germ Diseases.

Most of our sickness has, in late years, been traced to germ attacks. Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Catarrh—create inflammation; some cause indigestion. In one of these ways, nearly every serious ailment is a germ result.

Such conditions call for a germicide, not for common drugs. Liquezone does what other means cannot accomplish. And it is wrong to cling to old ways when millions of people know a way that is better.

50c Bottle Free.

If you wish to know what Liquezone does please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist ourselves for it. This is our free gift, made to convince you; to let the product itself show you what it can do. In justice to yourself, please accept it to-day, for it places you under no obligations whatever.

Liquezone costs 50c and \$1.

DREAD PNEUMONIA CAUSES DEATH OF FATHER AND SON

HOLTON FAMILY OF EDEN TOWNSHIP SUFFER A SERIES OF BEREAVEMENTS.

Another Member Fatally Stricken With Paralysis and Pneumonia May Claim Third.

The hand of the Grim Monster has lowered over the Holton family of Eden township, and seems to be destined to hover about the unfortunate people until other deaths occur.

Father and Son Dead.
Steven Holton, for all the 49 years of his life a respected resident of Licking county, died at his home, across the road from his birthplace, Saturday at 3 p. m., after but six days' illness from pneumonia, and on Monday at 4 a. m., his oldest son, Earl, aged 14 years, passed away with the same dreadful malady. The widow and mother, who is left with six other small children is almost beside herself with grief and the many friends of the family fear lest the unfortunate woman's mind should become affected. The remaining children's ages range from one to 17 years.

Double Funeral.
The senior Mr. Holton, deceased, was a member of Perryton Lodge, I. O. O. F. The order will be in charge of the double funeral of the father and son, which will take place at Miles chapel, on the home farm, on Thursday at 10.30. The Rev. J. C. Schindler, pastor of St. Paul's English Lutheran church, this city, will conduct the services, after which interment will be made in the Miles cemetery, adjoining the chapel.

Brother Cannot Recover.
John M. Holton, one of the four surviving brothers of the deceased, sustained a third stroke of paralysis last Tuesday at his home near Purdy, Eden township, and is not expected to recover. Another brother, David F., residing near the home farm, is suffering from pneumonia and is in a serious condition, two physicians being required to attend him.

Two other brothers, Squire W. F. Holton, ex-county commissioner, residing in this city, and G. W. Holton, of Mary Ann township, and three sisters, Mary C. Leek of Delaware county, Barbara E. Holton of Delaware county, and Lucinda Holton of Cleveland, remain to mourn the deceased father, brother and son.

MRS. SUSAN HAWKE.
Mrs. Susan Hawke, a well known and highly esteemed woman of this city, died at the home of her daughter, Mrs. Katie Fowler, 38 Pearl street, Sunday morning at 2:45 o'clock, after a lingering illness, aged 71 years. The funeral services will be held Tuesday morning at 10 o'clock at the home, Rev. H. Newton Miller officiating, and the interment will be made in Cedar Hill cemetery. Helen Birkey was born in Newark in 1831, and living here until her early womanhood and marriage, was well known by many of the older Newark families. Mrs.

Sherwood was twice married, her first husband being Mr. James Tracy Hale of Bellefonte, Pa. She is also survived by another daughter, Mary Wilson Hale of this city.

DR. BURNER'S FUNERAL.

Mr. D. T. Cole Monday morning received a communication from his wife, who is at Los Angeles, Cal., stating that the reported suicide of her uncle, the late Dr. H. R. Burner, who died at one of his sanitariums in Los Angeles, on Tuesday of last week, was an error and the Los Angeles papers have so stated. The autopsy revealed that the real cause of his death was a rupture of one of the blood vessels of the heart. It is expected that the body will arrive in Newark Monday night on Pan Handle, No. 20, about 9 o'clock. The body will probably be accompanied by Mr. and Mrs. Townsend of Pittsburgh, Pa., who were friends of the doctor. According to present arrangements the funeral will be held from the residence of Mr. D. T. Cole, 59 South Fourth street Tuesday afternoon, under the auspices of Newark Lodge, No. 623, and Mt. Olive Encampment, No. 12, I. O. O. F., and the interment will be made in Cedar Hill cemetery.

BENJAMIN BURRIS.

The news received here that Mr. Benjamin P. Burris, one of the best known and most popular B & O passenger conductors on the Newark-Cincinnati run, died at his home 855 Curtis avenue, Columbus, at an early hour Sunday morning, created universal regret here, especially among the railroad men, by whom he was so well known. Two weeks ago Monday Mr. Burris underwent an operation for hernia at the Protestant Hospital, and on Friday was removed to his home, where he rapidly grew worse until the end came. The deceased was an old time employee of the B. & O. Railroad company, and previous to 1884 was yardmaster in the Columbus yards. In 1884 he left to take a position as passenger conductor on their Midland division of the B. & O. and since 1889 has been running between Cincinnati and Newark. Before taking service with the B. & O. Mr. Burris was in the employ of the Pan Handle. He was well known all along the line of the B. & O. from Cincinnati to Newark, and his death will be sincerely mourned. He is survived by his widow and one son. The funeral services will be held on Wednesday afternoon at one o'clock at his late residence and the interment will be made in Green Lawn cemetery. There remain four children, Edward and Louis, of this city, and Morgan of Detroit, and Mrs. Ella Tomlinson of Springfield, Ohio. There are also two brothers, Marion Woodruff of Ulica, and Calvin, an prominent farmer of Eden township.

MRS. ELIZABETH LEIB.

Relatives and friends in this city have received word of the death of Mrs. Elizabeth Ann Leib, aged 76, of Colorado Springs, Colo., Friday night, following sickness for a year with a complication of ailments. The body has been given temporary burial at Colorado Springs. She was the widow of Amos D. Leib of Millersport, where she was born, and where she married him immediately after his return from service in 1865 in the civil war.

She is survived by a daughter, Georgia Leib, of Colorado Springs, and a son, Frank, of Salt Lake City, Utah, both of whom were at her side when she died. In the hope of benefiting her health she left Millersport

for Colorado Springs last November, accompanied by her daughter. Her condition improved up to two weeks ago, when she suffered a relapse and steadily declined until her death.

For a number of years the family resided at Westerville, where Mr. Leib was engaged in business. He once owned an island in Buckeye Lake, which has proved the basis in recent years for so much controversy over the sinking of oil and gas wells.

GRANVILLE NEWS

Granville, Feb. 18.—One of the prettiest and most successful affairs of the season was the fancy dress party given Saturday evening in Doane gymnasium by the members of the faculty and students of Shepardson college, including both the students on the campus and those living in town. At 7 o'clock those in the receiving line, consisting of the members of the faculty, took their places, representing counts, dekes, nuns, valets, nurses and foreign ladies, all of whom extended hearty greetings to the guests who were arrived in every conceivable and fantastic costume imaginable. There were many beautiful costumes of many hues and colors and the scene presented a beautiful and dazzling sight that was good to look upon. During the forepart of the evening the seniors gave a representation of Al Fields' minstrels, in which Misses Laura Beiter and Ida Wickenden were the "end men" and Miss Marlin the interlocutor. Many jokes were gotten off on different members of the faculty and the musical entertainment concluded with a cake walk, amid a whirlwind of enthusiasm.

Miss Barker, Miss Eleanor Chaffee and Miss Peckham gave a "one act" frequently enacted in the Dean's office, which was true to life and greatly enjoyed by all.

Mrs. Wilson, teacher of voice in the Conservatory, and Lottie Roderick successfully enacted a familiar scene in the Conservatory, after which the Conservatory Kitchen band furnished some beautiful music on tin pans and glasses. They were led by Miss Ethel Reese and accompanied by Miss Farrar on the piano.

The town girls then gave the Seven Stages of Life. The first scene represented a French nurse, Esther Field, rearing a baby, and around her were Dorothy Swartz, Eva Nixon and Ida Mormon dressed in baby clothes.

The second scene represented the

seven-year-old girls at a party. The characters were taken by Dee Thornton, Margaret McKibben, Marion Rose and Esther Nixon.

The next stage was "that of the 'sweet sixteen' period. Margaret Chaffee took the part of a skating girl; Elizabeth Spencer, tennis girl; Louise Ferguson, basket ball girl; Madge Mossman, student, and Katherine Jorgensen as chaperon.

The next stage represented the marital season in which Stella Case and Marguerite Jones were represented as the bride and groom. Clara Wright successfully took the part of the officiating clergyman, while Agnes Walsh was best man and Ada Chrysler, Abbie Gearch, Gertrude Wright and Inna Watkins were bridesmaids, and Harriet Hunt and Maud Thompson as flower girls.

The wedding march was played, and during the ceremony "O, Promise Me" was sung by Francis Dunn. The entire scene was very beautiful and realistic.

The next scene represented the woman of 25, giving an afternoon tea, at which ten of her girl friends were present.

The sixth stage was that of the widow period, in which the character was successfully represented by Miss Stella Moore, who was dressed in deep black and looked most beautiful.

The last stage was that of the grandmother, sitting by her grandchild.

The second half of the evening was enjoyed in dancing until 10 o'clock, which hour closed a most enjoyable and successful evening of pleasure.

Miss Jeanette Collins of Dayton is visiting friends in the village.

Mr. Wayland Mulow of Niagara Falls, N. Y., and sisters Miss Laura Mulow of Columbus, and Fay Mulow of Delaware were the guests of their mother for a few days last week.

Miss Esther Williams of Columbus is visiting relatives here for a short time.

CANNON EXPLODED

And Fred Sull Had the Ends of Three Fingers of His Left Hand Torn Off.

Fred Sull, son of Mr. Alfred Sull, foreman of the Central City Store Works, three miles west of Newark, had the misfortune to meet with a very painful and serious accident.

Young Sull and another boy named Cunningham, had found a small cannon around the works and had fired it off a number of times, when Sull conceived the idea of blowing it up. He put in an unusually heavy charge of powder and was engaged in driving a lot of nails into the cannon, when a spark came in contact with the powder and it exploded. Sull's left hand was terribly lacerated, the ends of the three middle fingers being torn off.

Three Boys Are Drowned and Fourth Has Narrow Escape.

Dixon, Ill., Feb. 18.—John Hilbert, Ralph Schartner and Lauren Nye, boys, broke through the ice and drowned in Rock river. They with two other lads, the oldest 10 years, were playing on the ice, when Nye broke through. Hilbert, in a vain attempt to rescue Nye, fell into the icy water. Schartner followed in a like attempt. A fourth boy likewise fell into the water, but he was saved by the remaining boy, who lay on the ice and extended his feet into the water as a support.

The next stage was "that of the 'sweet sixteen' period. Margaret Chaffee took the part of a skating girl; Elizabeth Spencer, tennis girl; Louise Ferguson, basket ball girl; Madge Mossman, student, and Katherine Jorgensen as chaperon.

The next stage represented the marital season in which Stella Case and Marguerite Jones were represented as the bride and groom. Clara Wright successfully took the part of the officiating clergyman, while Agnes Walsh was best man and Ada Chrysler, Abbie Gearch, Gertrude Wright and Inna Watkins were bridesmaids, and Harriet Hunt and Maud Thompson as flower girls.

The wedding march was played, and during the ceremony "O, Promise Me" was sung by Francis Dunn. The entire scene was very beautiful and realistic.

The next scene represented the woman of 25, giving an afternoon tea, at which ten of her girl friends were present.

The sixth stage was that of the widow period, in which the character was successfully represented by Miss Stella Moore, who was dressed in deep black and looked most beautiful.

The last stage was that of the grandmother, sitting by her grandchild.

The second half of the evening was enjoyed in dancing until 10 o'clock, which hour closed a most enjoyable and successful evening of pleasure.

HARRIS-JOHN.

One of the prettiest home weddings of the season occurred at the beautiful country residence of Mr. and Mrs. George Harris, one and one-half miles east of Kinkersville, on Thursday, February 14, at 7 o'clock, when their beautiful and accomplished daughter Addie Belle, was united in marriage to Mr. Leasure F. John formerly of Waynesburg, Pa., but now a prosperous young business man of near Baltimore, O.

Preceding the ceremony was a song, "By Thy Side," sung by Master John Hancock, a cousin of the bride. Immediately after the song the bridal party led by Miss Zoa Bebout, as bridesmaid, and Mr. William Wells as best man, entered the parlor, where, in front of the large landscape window, banked with beautiful flowers, the solemn and impressive ceremony was performed by the Rev. B. C. Kite.

The bride was charming in Alice blue silk and carried pink roses, while the bridesmaid looked lovely in white silk mulle over blue with white carnations.

Immediately following congratulations the wedding supper was served to about forty guests. The tables were beautifully decorated in white and green. At the right was the table containing the bride's cake, and on which lay the beautiful bouquets carried by the bride and bridesmaid. At the bride's table were Mr. and Mrs. Leasure F. John, Mr. and Mrs. George Harris, Mr. and Mrs. Kinsey John, Rev. and Mrs. B. C. Kite, Rev. and Mrs. Gillispie, Mrs. Nancy Clark, Mrs. Perry Higgins, Mr. William Wells and Miss Zoa Bebout.

Following the supper came the cutting of the bride's cake, by the bride, the pieces being distributed among the guests by her cousin, Miss Mame Scurman.

Those present from Kinkersville and vicinity were Mr. and Mrs. L. T. John, Mr. and Mrs. George Harris, Rev. and Mrs. B. C. Kite, Rev. and Mrs. David Gillispie, Mr. and Mrs. J. T. Day, Mr. and Mrs. Jas. Harris, Mr. and Mrs. Jas. Jacobs, Mr. and Mrs. Jas. White, Mr. and Mrs. C. N. Wells and daughter Rhea, Mr. and Mrs. W. H. Lane, Mr. and Mrs. E. H. All join in wishing Mr. and Mrs. John a long, prosperous and happy life.
